## The President's Column

*Bob Staresinic*

As the Summer comes to a close, I think about all of the things I planned to do and am almost out of time to accomplish. I am not saying that I did not have a productive time, but there is much left undone.

One thing I did not get done is finding new board members and officers. I should have a list of nominees in this newsletter for the five Directors, the Secretary and the Vice President. Although I have found a few folks interested, I still need to find more. If you or anyone you know are interested in getting involved in the HPCC, please let me know.

I did get a chance to go to the Union Project's Thursday afternoon Markets. I got some good produce, but have not joined in the art activities. If you have not stopped by, you should, and take a tour of the building. It is almost cleaned out and ready for construction to start. There is a lot going on there, and it is making an impact in the neighborhood.

At the August meeting, the Young Entrepreneur's Club presented the results of their first meetings. Thanks to Angelo, Miles, Alex, Kyara, and Arielle for introducing their idea for an on-line magazine for kids. Look for information in the future as these five (plus the other five who could not attend the meeting) get this venture going.

I hope you had the opportunity to get up to the Reservoir of Jazz at the Park this past month. Thanks to Tania Grubbs, we were able to have these concerts in our neighborhood again. Thanks go to Rep. Joseph Preston, Jr and his staff for assisting in getting money from the State to continue this event. Without the money and all of Tania's work in putting it together, Sundays in August would have been different.

September starts a new year for the HPCC, when membership renewals are due, and elections are to take place. The September

16<sup>th</sup> meeting at St. Andrew's is the annual meeting of all members, according to the by-laws of the HPCC. I hope to see all of you there.

## Highland Park Spectaculars

Did you attend any of the spectacular events in Highland Park in August?

Four extraordinary *Reservoir of Jazz Concerts* on Sunday afternoons. The music was great, the crowds were big (700 or so estimated for last concert) - even the weather cooperated.

*Tania Grubbs* almost single handedly arranged these concerts - we all owe her a debt of gratitude for all the work and energy she put into them! Thanks Tania!!!

Then on Saturday, August 14 the *Community Celebration* was held on Bryant Street. A big party to meet friends, see and buy merchandise on display, get information about various programs, listen to music and so on. A good crowd was on hand. Congratulations and thanks to Brenda Cole, Michael Johnson and all the others who contributed to this fine event.

## Relocation of Farmers' Markets

Maureen A. Hogan

As we are all aware, change happens all of the time. It is often stressful. Our challenge is to meet change head on and to channel it into a positive learning experience. What I want to discuss with you is such an opportunity.

Due to development pressures, both the Highland Park and East Liberty Farmers' Markets will need to be relocated in the next couple of years. I have been hired by the Farmer's Market Alliance (FMA) to assist in directing a consensus process and locating alternate sites. Ideally these sites will be permanent and improved.

Some of you may know me from my years of experience with the Pittsburgh Department of City Planning. Others may know me as a resident of Farragut Street. Currently, I am doing private consulting in community development and the FMA is one of my clients. (Note: The FMA works to strengthen farmers' markets in southwestern PA and thereby enhance the vitality of agriculture businesses in the region. The Alliance focuses on a select group of willing markets which now includes the Ligonier Country Market, the Citi-Parks Highland Park and East Liberty Markets, the Farmers at the Firehouse in the Strip District, the Mt. Lebanon Market and the four markets of the Beaver County Fruit and Vegetable Growers Association. The Southwestern PA Commission serves as the fiduciary agent and the FMA is directed by R.L. Pollock Associates.)

Between now and the end of the year, I will be visiting prospective sites, soliciting feedback from an advisory committee, engaging an architect and conducting a public participation process. I am currently scheduled to meet with the Highland Park Community Club at the meeting of September 16, 2004 in order to update members and solicit input.

If you have any questions or would like to speak to me in the interim, please call me at 412-977-8468 or email me at [maureenhogan@comcast.net](mailto:maureenhogan@comcast.net)

\*\*\*\*

Being an avid participant in the city's farmers' markets, I look forward to working on this project with all interested stakeholders.

## Call for Volunteers at the Veterans Hospital

The Southwestern Veterans Center, located just off Washington Boulevard, is looking for volunteers from neighboring communities to assist us with "visits to the veterans". We need you to help us provide the missing link for our Residents' social needs. Can your group sponsor a bingo or an evening of entertainment? Can you demonstrate an interesting skills or hobby? Are you willing to spend an hour visiting with a hospitalized Veteran? Whatever your interest, I assure you that "Volunteering for Veterans" will be a flexible, rewarding and meaningful experience.

Please thank a Veteran by giving an hour of your time to support our programming efforts. You'll be glad you did! To find out more, please contact Lynn Lewkowicz at (412) 665-6790.

## September at St. Andrew's

*Bruce Robison*

In September the more low-key summer schedule gives way to a more active mix of services and activities around St. Andrew's.

"Round Up Sunday" is September 12, with the first day of our Fall Church School and Youth Group Programs, and with a fun Picnic in the Churchyard at noon, after the later morning service. A "Moonwalk" and other activities for kids and for all members of the family will be center-stage, and all are invited.

Following September 1st our service schedules resume at the "regular" times: Sunday morning Holy Communion at 9 a.m. in the Lady Chapel, Choral Morning Prayer at 11 a.m. (Holy Communion at both services on the First Sunday of the month). Nursery Care is available during Sunday services, and great programs for children, youth, and adults take place "in the hour between the services," 9:45 - 10:45 a.m. Wednesday morning services of Holy Communion begin at 10:30 a.m., followed by an informal weekly Bible Study.

Beginning on Thursday, October 7, at 8 p.m., our regular "First Thursday of the Month" service of Choral Evensong, followed by a musical recital, resumes after the summer hiatus. Our recital this month will feature mezzo-soprano Joanne Luchsinger. (The reception after the recital will be hosted by Bruce and Susy Robison as a way of saying "thank you" and to observe and celebrate the tenth anniversary of our life at St. Andrew's.)

St. Andrew's has been a part of our Highland Park neighborhood life for nearly a century. All our friends and neighbors are most welcome at all services and events. If you have a pastoral concern we can help with--a baby to be baptized, a marriage to celebrate, an ill or shut-in family member or friend to visit, a need at the time of the loss of a loved one--please give us a call. Or perhaps you simply need to borrow a few folding chairs, or find an emergency "rain location" for a family reunion picnic

... St. Andrew's office is open Tuesday - Friday, 9 a.m. - 3 p.m., and our phone number is (412) 661-1245.

## Hello Neighbors,

John Cirolì (jcirolì@yahoo.com)

On Monday July 26, 2004, the Highland Park Community Club Public Safety Committee sponsored a meeting of residents concerned about crime in the neighborhood. As guests the committee invited City Councilman Len Bodack and Zone 5 Police Commander Brackney-Griffin to attend. The meeting consisted of attendees voicing their concerns about the crime committed in the neighborhood, questions presented to the Commander, answers responded by the commander and some tips and action items discussed by the attendees.

Issues discussed were:

- Motorized scooters and ATVs circling blocks and making noise, especially late at night
- Vehicle break-ins and vandalism to vehicles (Tire slashing, window breaking)
- Armed Robbery (one instance)
- Kids out unsupervised either during the day or at night.
- Kids who trespass or annoy residents
- Lack of participation in Block Watch
- Children violating property
- Police complaints don't lead to anything.
- Inability to enforce curfew

Possible Causes discussed were:

- Lack of parent accountability for children's actions
- Lack of enforcement of curfew laws due to closure of youth detention center

Some remedies proposed were:

- Protective measures (locking doors, securing belongings)
- Complain:
  - (a) Submit Silent Complaint forms (online:[http://www.city.pittsburgh.pa.us/police/html/police\\_t\\_ip\\_form.html](http://www.city.pittsburgh.pa.us/police/html/police_t_ip_form.html)) or in hard-copy from HPCC or local officer)
  - (b) Call 911, even if you want to report a possible crime without police response
  - (c) Contact committee person (HPCC Safety Committee, Democratic Party committeeman)
  - (d) Contact Mayor's Service Center (online: [http://www.city.pittsburgh.pa.us/mayor/html/mayors\\_service\\_center.html](http://www.city.pittsburgh.pa.us/mayor/html/mayors_service_center.html))
  - (e) Attend city council meeting (schedule online: [http://www.city.pittsburgh.pa.us/city\\_clerk/html/schedule.html](http://www.city.pittsburgh.pa.us/city_clerk/html/schedule.html))
- Youth activities: YWCA, YMCA, Boys and Girls Clubs, Big Brother/Big Sister, Union Project, Education
- Parenting programs: One Vision, One Voice, Salvation Army, other programs that police work with
- Mediation programs: Pittsburgh Mediation Center (online: <http://www.pghfree.net/~pghmed/>)
- Block watches (need to be revitalized in order to be effective)
- Outreach programs: truant/parole officers in Pittsburgh Public Schools, Weed and Seed (<http://www.city.pittsburgh.pa.us/weed&seed/>)

Some comments and items that are of interest as a result of the meeting:

1. Many of the concerns, and solution strategies of meeting attendees have been discussed and presented in the Highland Park Community Plan final report (online:<http://communityconnections.heinz.cmu.edu/highlandpark/report.jsp>) I encourage everyone to read it.

2. Alternative strategies to increased or more effective law enforcement that may address underlying causes of criminal or undesirable activity include youth activities, parental support, mediation, etc. as listed in the meeting notes above. Especially pertinent to how our community is dealing with these underlying causes is Highland Park Youth Group. Sal Wilcox and Marie Jackson of Education Innovations Inc. are co-coordinators (s.wilcox@educationinnovations.org and mv.jackson@educationinnovations.org, respectively).

3. I believe that local organizations could do more in the area of resident outreach activities to address some of the underlying public safety problems in the community. These outreach activities should focus on minority residents, low- and moderate-income residents, renters, youth and other groups that tend to be underrepresented in meetings of organizations such as the Highland Park Community Club. These sorts of activities are different from those sponsored by the HPCC Welcome Committee, the Membership Committee, or the yearly community-wide mailing of the HPCC newsletter. Instead, the community needs an effort to actively represent and advocate for the concerns of the broadest diversity of Highland Park as well as portions of surrounding areas that may share an affiliation with Highland Park.

4. The community needs to become involved in active Block Watch participation. The committee chair for the Block Watch committee is Jan Stayianos who can be reached at 412-363-8208. Please call her to find out more information and to join the Block watch program.

5. This important topic deserves ongoing discussions in order to share experiences, knowledge and solution strategies. One way to do this would be to have greater participation in the HPCC Public Safety committee, during or outside regularly-scheduled HPCC meetings. Another would be on-line discussions in a special forum dedicated to public safety, perhaps using the Public Safety discussion board already available on the Highland Park Community Plan website ([www.highlandparkcommunity.com](http://www.highlandparkcommunity.com); click on "Community Plan Discussion Boards.")

I am open to any comments or suggestions regarding this meeting summary or next steps going forward. I (and the community) look forward to hearing from you.

## Highlights of August 19 Meeting

*Ollie Rieley*

The meeting was called to order by president Bob Staresinic at 7:35 P.M.

The meeting began with a presentation by four young members of the Education Innovations Inc. entrepreneurs Club. The young people described their planned business, an on-line kids magazine named "Monkey Mag". The magazine will feature video games, shopping tips, beauty tips and other items of interest to the age group. They are busy seeking contributors and sponsors. They hope to have the magazine up and running in a few months.

Bob Staresinic noted that there is one more concert in the Reservoir of Jazz series. The series has been very successful so far.

Bob also noted that Kate Zober had retired as Chair of the Superplayground Committee. This committee controls an endowment for the playground and performs routine maintenance on the playground in one or two work days a year. Anyone wishing to volunteer should call Bob at 412 441-8972

Jan Stayianos discussed the July 29 meeting on crime. There was a good turnout. See separate article. Jan also discussed recent crime statistics for the neighborhood. As always, anyone interested in becoming a block watch captain should call Jan at 412 363-8208.

School Director Patrick Dowd discussed current school board activities. The board is planning 36 new classrooms for early childhood education, these rooms will be funded by the state. These rooms will house 4-year old kindergarten classes. This expansion of the 4-year old program will complement Head Start, which is federally funded and is limited to children from low income families. The Board's hope is that in the not to distant future, all four year olds will be attending 4-year old kindergarten.

Brenda Cole reported on the recent Community Celebration held on Bryant Street on August 14. Over 30 organizations participated. Brenda suggested that an HPCC Committee be formed to support future celebrations.

Rudy Maceyko discussed progress on the restoration of the fountain and the entry to the park. The fountain probably will not be in operation until next year. In the meantime landscaping will begin.

Rudy noted that he is starting a Highland Park history group. See separate article.

Meeting adjourned at 8:50 P.M.

**Call for Information**

*(Ed. Note: This is a partial reprint of an item from the July 2003 newsletter. We're still looking for folks to list.)*

The need for an improved mechanism for Artists and others to interact and network was identified at the June 23 Town Meeting on the Community Plan. How about an **"Artist, Author, Performer & Audience", AAPA, Directory?** The intent is to provide brief introductory information on the people listed. **Artists** working in *any medium (oil paint, sculpture, woodworking, etc.)* are invited to send in listings. **Authors** of *fiction, non-fiction, poetry, or whatever* are welcome. **Performers**, whether they be *actors, instrumental musicians, singers, readers or any other performers* are all encouraged to be listed. Why **"Audience"** you ask; well, none of the arts is much more than an exercise in self satisfaction without the audience, so any one who considers herself a supporter of any of the categories may send a listing.

A copy will be provided to each person who is listed and a stock of spares would be maintained at a central location to satisfy inquiries from others.

The directory will serve as a resource for people in the arts to network with each other. The artist may call a person interested in works similar to her own for advice, comments, help, whatever. Who knows, perhaps small interest groups will arise out of the connections facilitated by the directory.

To be listed, fill out the form on the following page and send it to AAPA Directory, c/o The Union Project, 801 N. Negley Ave, Pittsburgh, PA 15206.

## Highland Park History Group Forming

*Rudy Maceyko*

Quarterly meetings of the newly-forming Highland Park History Group will begin sometime in the fall--probably in November. The date should be finalized for the October newsletter. Anyone interested in the history of Highland Park, East Liberty, and the East End of Pittsburgh is welcome to participate.

We expect to share stories, photos, old postcards, and newspaper clippings, in order to learn more about the history of our area.

The group will also be affiliated with the newly-formed East End/East Liberty Historical Society.

Please contact Rudy Maceyko if you are interested: [rm55@pobox.com](mailto:rm55@pobox.com) or 412-441-9130.

## New Editor Wanted

*Ollie Rieley*

I've been editing the newsletter for about six years. For the most part, I've enjoyed doing it. There are a lot of very exciting things going on in Highland Park and and, even better for the editor, there are a lot of people willing to write about them. Thank you.

But I feel it is time for me to move on. So, anyone want to apply? Call me and we'll talk it over.
